RENEWAL REVIEWER

Looking to speed up your renewal process?

Quandri's Renewal Reviewer compares policies when they're ready to be renewed. The digital worker helps reduce policy backlogs, saves hundreds of hours of work, and helps improve company efficiencies.

WHAT WILL YOU GAIN?

The Renewal Reviewer does what a team of insurance professionals can do in weeks in days! The digital worker compares last year's policy against the current year's policy and any endorsements.

The Renewal Reviewer identifies changes and performs a gap analysis in the following areas:

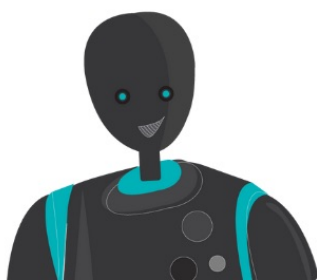

- Premiums
- Coverages (Changes & Gaps)
- Endorsements
- Discounts
- Claims
- Limits
- Deductibles
- Drivers or Applicants
- Vehicles or Homes
- Upsell & Cross-sell opportunities

WHY SHOULD YOU CARE?

Renewal reviews are manual and time-consuming processes. Quandri's Renewal Reviewer automates the process and gives **a more comprehensive and standardized renewal process**. With hours of work eliminated, your organization can repurpose staff for other tasks. Plus, the Renewal Reviewer provides **critical data to help you enhance customer service and bring in additional revenue**.

More benefits of the digital worker include:

- Reviews done faster within the same day
- Data extraction across the entire book of business
- The flexibility to assign employees to more important tasks
- Prioritize renewals based on their importance
